L&S Consulting (Pty) Ltd
Structural & Civil Engineers

TO WHOM IT MAY CONCERN

Wreckers were appointed for the implosion of the Galleria/Old Times Media building in Rosebank.

The building was successfully brought down on Sunday 17 September 2017.

A lot of planning and coordination was required by Wreckers and their sub-contractor Terra Strata to ensure the protection of the surrounding buildings, roads and services.

The activities needed before the blow-down and the event itself were immaculately executed by Kyle and his team.

L&S Consulting are looking forward to the next opportunity to work with Wreckers.

Yours faithfully
L&S Consulting (Pty) Ltd
